To

PARLE Biscuit Factory - PATWARI BAKERS PRIVATE LIMITED

Plot No. B-2, SIDCO Industrial Estate,

Kappalur,

Tamil Nadu 625008.

Respected Sir/Madam,

Sub: Permission for Industrial Visit of II year CSBS students -Reg

As you may be aware Sethu Institute of Technology, Virudhunagar is one of the most reputed Engineering Institutions in Tamil Nadu and known for this excellent record in academics.

On behalf of Sethu Institute of Technology, I take this privilege to seek your permission about the proposed Industrial Visit to PARLE Biscuit Factory - PATWARI BAKERS PRIVATE LIMITED Kappalur on 04/12/2021. The team consists of 57 Students of second Year CSBS Department with 2 Faculty members to know about the technical aspects in your industry.

Further it is also requested that your staff may also be made available to explain in detail about your process.

You will agree that this will be a very good experience for students who can learn practically about your process and this will help students to develop their career and job prospects in future.

Thanking you,

Signature

ONE DAY INDUSTRIAL VISIT - "PARLE BICCUIT FACTORY-PATWARI BAKERS PRIVATE LIMITED",
MADURAI ON 11.12.2021

13/12/21

A Report on one-day Industrial visit to Patwari Bakers Pvt. Ltd.

- Maga Vign
20CB023.

* A batch of second year students of Computer science and business systems along with faculties visited Parle biscuit factory - Patwari Private limited in the city Kappalux on 11.12.2021, Saturday. We reached the factory by 1:30 pm and got escorted by the unit manager who showed us a detailed animated video about the history of Parle-G company and how they manufacture their various products. It was crystal clear and so useful for us. Then the manager divided our class into two groups and took them to inside of the factory and show them all the processes from mixing the dough to packing the biscuits in boxes. The students also interacted with him very well. He explained each and every processes which provided us with clearer insight about those. As the visit came to an end, the manager provided us, the students with parle-G

biscuits with each as a gift. Finally to preserve the memory we took a group picture with our students, families and the manager in the entrance of the factory. Then we said our thank you's to the manager for providing us a great and beneficial visit of his company and our staffs took us back to the college in our college bus in a safe manner.

SETHU INSTITUTE OF TECHNOLOGY
(An Autonomous Institution| Accredited with 'A' Grade by NAAC)
PULLOOR, KARIAPATTI – 626 115.

DEPARTMENT OF CIVIL ENGINEERING

Course Code and Name: 19UCE306 – Surveying

Theodolite is an instrument for measuring both horizontal and vertical angles, as used in triangulation networks. This activity in our course delivers the knowledge about the measurement of horizontal included angle between several points and vertical angle of various points. By measuring these angles, we can easily calculate the area of a particular plot and can find out the height of immeasurable things like electrical towers, tall buildings, small hills etc,

This knowledge will help the students in their working environment and they can use these concepts for surveying while working in a company. They can also be an Entrepreneur by starting their own concern as a surveyor.

PULLOOR, KARIAPATTI – 626 115.

DEPARTMENT OF CIVIL ENGINEERING

Course Code and Name: 19UCE508 – Concrete and Highway Laboratory

This knowledge will help the students in their working environment and The compacting factor test is designed primarily for use in the laboratory but it can also be used in the field. It is more precise and sensitive than the slump test and is particularly useful for concrete mixes of very low workability and normally used when concrete is to be compacted by vibration.

Course Instructor

Mr.B.PALANI KUMAR AP/Civil

HOD/Civil
