Hands on Training Paver Block Manufacturing

Summary

- A hand on Training “Paver Block Manufacturing” was conducted on 11.04.2022 by the Department of Civil Engineering in association.
- Our department faculty Mr.P.Rajeswaran, Assistant Professor explained about various paver block manufacturing process and mix proportions.
- Totally 5 staff members and 12 faculty members were participated the program.
- He is explained various Testing procedure as per codal provisions.
- He also motivated the staff members to develop technical skill about the manufacturing process.
- Staff members benefited through the training, how to select ingredients and also made low cost paver block with industrial waste materials.

Hands on Training Testing of Concrete Materials

Summary

- A hand on Training “Testing of Concrete Materials” was conducted on 10.07.2017 by the Department of Civil Engineering in association.
- Our department faculty Mr.P.Rajeswaran, Assistant Professor explained about various testing procedure for concrete cube specimens and soil test methods.
- Totally 5 staff members and 15 faculty members were participated the program.
- He is explained various Testing procedure as per IS codal provisions.
- He also motivated the staff members to develop technical skill about the testing process.
- Staff members benefited through the training, how to select load rating and how to conduct the testing.
- He also explained the soil testing procedure and how to do the effective consultancy projects.
