Awareness Rally on voters ID in collaboration with Dept. of Revenue, Thasildar Office – Kariapatti in the Year 2017

Awareness Rally on Voters ID – 2017:

In 2017, a group of 50 students collaborated with the Department of Revenue and the Thasildar Office in Kariapatti to organize an awareness rally on the importance of voters ID. The aim of the rally was to raise awareness among the local residents about the importance of having a voters ID and to encourage them to exercise their right to vote.

The students worked closely with the Department of Revenue and the Thasildar Office to plan and organize the rally. They designed posters and banners with messages about the importance of having a voters ID, and they distributed pamphlets and brochures with information on how to obtain a voters ID.

On the day of the rally, the students marched through the streets of Kariapatti, carrying their posters and banners and distributing pamphlets and brochures to the local residents. They also used a loudspeaker to spread their message and to encourage people to obtain their voters ID.

The rally was a huge success, as it attracted a lot of attention from the local residents. Many people stopped to listen to the students and to ask questions about obtaining voters ID. The students were able to provide valuable information and guidance to the residents, and they helped to increase the number of people who registered for a voter ID.

This activity was a great example of how young people can make a positive impact on their community. The students demonstrated their commitment to civic duty and their passion for promoting democratic values. They learned valuable skills such as communication, teamwork, and leadership, and they gained a sense of satisfaction from making a tangible difference in the lives of others.

Overall, the awareness rally on voters ID organized by the students in collaboration with the Department of Revenue and the Thasildar Office was a success, and it served as an inspiration for other young people to get involved in civic activities and to promote democratic values.

Electoral Roll Revision Camp for Voters ID - 2017

In 2017, a group of 180 students collaborated with the Department of Revenue and the Thasildar Office in Kariapatti to organize an electoral roll revision camp for voters ID. The aim of the camp was to encourage people to register for a voters ID and to update their electoral roll information.

The students worked closely with the Department of Revenue and the Thasildar Office to plan and organize the camp. They set up registration desks and information booths, and they provided guidance and assistance to the local residents in obtaining their voters ID.

The camp was held over a period of several days, and it attracted a large number of people. The students were able to register hundreds of new voters and to update the information of many existing voters. They also provided information on the importance of voting and the procedures involved in casting a vote.

The camp was a huge success, as it helped to increase the number of people who registered for a voters ID and who were able to exercise their right to vote. The students were able to make a positive impact on the community by encouraging civic participation and promoting democratic values.

This activity was a great example of how young people can contribute to society and make a positive impact on people's lives. The students demonstrated their commitment to civic duty and their passion for promoting democratic values. They learned valuable skills such as communication, teamwork, and leadership, and they gained a sense of satisfaction from making a tangible difference in the lives of others.

Overall, the electoral roll revision camp for voters ID organized by the students in collaboration with the Department of Revenue and the Thasildar Office was a success, and it served as an inspiration for other young people to get involved in civic activities and to promote democratic values.

Health Checkup Program - 2017

In 2017, a group of 160 students collaborated with Apollo Hospital in Madurai to organize a health checkup program. The aim of the program was to promote health and wellness among the local residents and to raise awareness about the importance of regular health checkups.

The students worked closely with the staff at Apollo Hospital to plan and organize the program. They set up registration desks and information booths, and they provided guidance and assistance to the local residents in obtaining health checkups.

The program was held over a period of several hours, and it attracted a large number of people. The students were able to provide health checkups to hundreds of people, including blood pressure and blood sugar checks, eye tests, and other basic health screenings.

The program was a huge success, as it helped to increase awareness about the importance of regular health checkups and encouraged people to take better care of their health. The students were able to make a positive impact on the community by promoting health and wellness and providing valuable health services to those in need.

This activity was a great example of how young people can contribute to society and make a positive impact on people's lives. The students demonstrated their commitment to promoting health and wellness and their passion for helping others. They learned valuable skills such as communication, teamwork, and leadership, and they gained a sense of satisfaction from making a tangible difference in the lives of others.

Overall, the health checkup program organized by the students in collaboration with Apollo Hospital in Madurai was a success, and it served as an inspiration for other young people to get involved in health-related activities and to promote wellness in their communities.

Awareness Program on Social Media and Cyber Security - 2017

In 2017, a group of 200 students collaborated with Cyber Security Systems in Madurai to organize an awareness program on social media and cyber security. The aim of the program was to raise awareness among the local residents, particularly the youth, about the risks and dangers associated with social media and cyber activities, and to promote safe online practices.

The students worked closely with the experts from Cyber Security Systems to plan and organize the program. They set up information booths and delivered talks on various topics such as the importance of protecting personal information, recognizing and avoiding online scams and frauds, and understanding the consequences of cyberbullying.

The program was held over a period of several hours, and it attracted a large number of people, particularly the youth. The students were able to provide valuable information on how to stay safe online, and they also answered questions and provided guidance on various online safety issues.

The program was a huge success, as it helped to increase awareness about the importance of cyber safety and encouraged people, especially the youth, to adopt safe online practices. The students were able to make a positive impact on the community by promoting awareness of the risks and dangers associated with social media and cyber activities.

This activity was a great example of how young people can contribute to society and make a positive impact on people's lives. The students demonstrated their commitment to promoting safe online practices and their passion for helping others. They learned valuable skills such as communication, teamwork, and leadership, and they gained a sense of satisfaction from making a tangible difference in the lives of others.

Overall, the awareness program on social media and cyber security organized by the students in collaboration with Cyber Security Systems in Madurai was a success, and it served as an inspiration for other young people to get involved in cyber safety and to promote safe online practices in their communities.

Blood Donation Camp - Phase 1 - 2017

In 2017, a group of 250 students collaborated with the Meenakshi Mission Hospital and Research Centre in Madurai to organize a blood donation camp. The aim of the camp was to collect blood from the local residents and to promote awareness about the importance of blood donation.

The students worked closely with the staff at the hospital to plan and organize the camp. They set up registration desks and information booths, and they provided guidance and assistance to the donors.

The camp was held over a period of several hours, and it attracted a large number of people. The students were able to collect a significant amount of blood, which was then used to save the lives of those in need.

The camp was a huge success, as it helped to increase awareness about the importance of blood donation and encouraged people to donate blood regularly. The students were able to make a positive impact on the community by promoting the value of blood donation and providing a valuable service to those in need.

This activity was a great example of how young people can contribute to society and make a positive impact on people's lives. The students demonstrated their commitment to promoting awareness about blood donation and their passion for helping others. They learned valuable skills such as communication, teamwork, and leadership, and they gained a sense of satisfaction from making a tangible difference in the lives of others.

Overall, the blood donation camp organized by the students in collaboration with the Meenakshi Mission Hospital and Research Centre in Madurai was a success, and it served as an inspiration for other young people to get involved in blood donation and to promote the importance of this valuable service in their communities.

NSS**Rally on International day for Disaster Reduction**

Year of the activity	: 2017
No. of students participated	: 52

Rally on International day for Disaster Reduction along with the Collaboration with Dept. of Revenue, Thasildar Office – Kariapatti in the Year 2017

In 2017, a rally was organized on the International Day for Disaster Reduction in collaboration with the Department of Revenue, Thasildar Office in Kariapatti. The rally aimed to raise awareness about the importance of disaster preparedness and mitigation, and around 55 students participated in the event.

The rally started at the Thasildar Office and went through various areas in Kariapatti. The participants carried placards and banners highlighting the importance of disaster preparedness and ways to reduce the impact of natural disasters. They also distributed pamphlets to the people, providing them with information on the steps they could take to be better prepared for disasters.

The event was successful in raising awareness among the people about the importance of disaster preparedness and mitigation. The students who participated in the rally learned about the different types of disasters that can occur and the measures that can be taken to minimize their impact. They also gained valuable skills such as communication, teamwork, and leadership.

The rally on the International Day for Disaster Reduction was an excellent initiative to raise awareness about disaster preparedness and mitigation. It served as a reminder to people about the importance of being prepared for disasters, and the role that individuals can play in reducing their impact. The students who participated in the event learned valuable lessons about the importance of community involvement in disaster mitigation and the benefits of working together towards a common goal.

NSS**Awareness Program on Blue whale game & Dengue**

Awareness Program on Blue whale game & Dengue along with the Collaboration with Nam Kaaval Paarvai Magazine in the Year 2017

In 2017, an awareness program was conducted on the Blue Whale game and Dengue in collaboration with Nam Kaaval Paarvai Magazine. The program aimed to educate students about the dangers of the Blue Whale game and the measures that can be taken to prevent the spread of Dengue. Around 55 students participated in the event.

The program started with a presentation on the dangers of the Blue Whale game and how it can affect the mental health of individuals who play it. The students were made aware of the different stages of the game and the signs to look out for in case someone they know was playing it. They were also provided with resources to seek help if they or anyone they know was affected by the game.

Following the presentation, the students were educated about Dengue, its causes, symptoms, and preventive measures. The program emphasized the importance of maintaining a clean and hygienic environment to prevent the breeding of mosquitoes, which are responsible for the spread of Dengue.

The students who participated in the awareness program gained valuable knowledge about the dangers of the Blue Whale game and Dengue. They learned about the importance of being vigilant and seeking help if they or anyone they know was affected by the Blue Whale game. They also gained valuable insights into the measures that can be taken to prevent the spread of Dengue.

In conclusion, the awareness program on the Blue Whale game and Dengue was a valuable initiative that served to educate students about the dangers of these issues. It raised awareness among the students and helped them understand the importance of taking preventive measures to ensure their own safety and that of the people around them. The collaborative effort of Nam Kaaval Paarvai Magazine and the students who participated in the program was a success in spreading awareness about these important issues.

Rural Development and Social Activities - Donating Chairs and Bed Sheet - 2017

In 2017, a group of 25 students collaborated with the Primary Health Centre in Mushtakurichi to organize a rural development and social activity. The aim of the activity was to give back to the community by donating chairs and bed sheets to the primary health centre, which serves the local residents.

The students worked together to raise funds for the purchase of chairs and bed sheets. They organized various fundraising events, such as a charity auction and a bake sale, which were well-received by the local community. With the funds they raised, the students purchased high-quality chairs and bed sheets and donated them to the health centre.

The donation was greatly appreciated by the primary health centre and the local residents, as it improved the facilities and resources available to them. The chairs provided comfortable seating for patients, and the bed sheets improved the overall hygiene and sanitation of the health centre.

This activity was a great example of how community service can make a positive impact on people's lives. The students demonstrated their commitment to rural development and social welfare by giving back to their community. They learned valuable skills such as fundraising, teamwork, and communication, and gained a sense of satisfaction from making a tangible difference in the lives of others.

Overall, the rural development and social activity of donating chairs and bed sheets to the Primary Health Centre in Mushtakurichi was a success, and it served as an inspiration for other young people to get involved in community service and social activities.

Rotaract club, Sethu Institute of Technology - Tree Plantation - 2017

In 2017, the Rotaract club of Sethu Institute of Technology collaborated with the Department of Agriculture & Forest Development in Tamil Nadu to organize a tree plantation activity. The event was attended by around 200 students, who were enthusiastic about contributing to environmental conservation.

The students worked closely with the officials from the Department of Agriculture & Forest Development to identify an appropriate location for the plantation. They then spent several hours planting a variety of saplings, such as neem, tamarind, and mango trees. The students were also provided with information on the benefits of tree plantation and the importance of environmental conservation.

The tree plantation activity was a success, as it helped to raise awareness about the importance of environmental conservation and the role that individuals can play in protecting the environment. The students learned valuable skills such as teamwork, communication, and leadership, and they gained a sense of satisfaction from contributing to a worthwhile cause.

This activity was a great example of how young people can contribute to society and make a positive impact on the environment. The students demonstrated their commitment to promoting environmental conservation and their passion for protecting the planet. They learned valuable lessons about the importance of sustainability and the impact that humans can have on the natural world.

Overall, the tree plantation activity organized by the Rotaract club of Sethu Institute of Technology in collaboration with the Department of Agriculture & Forest Development in Tamil Nadu was a success, and it served as an inspiration for other young people to get involved in environmental conservation and to promote sustainability in their communities.

RYLA – 2017 at Sethu Institute of Technology on 17.03.2017

In March 2017, the Rotaract Club organized a RYLA-2017 event for the students. RYLA stands for Rotary Youth Leadership Awards, and it is a leadership training program organized by Rotary International for young adults. The event aimed to develop leadership skills and promote personal and professional growth among the students.

The event was held on 17th March 2017, and a total of 46 students participated in the program. The program started with an introductory session where the students were briefed on the importance of leadership skills and their relevance in personal and professional life. The students were also informed about the various leadership training programs offered by Rotary International.

The event included various interactive sessions and activities that aimed to develop the leadership skills of the students. The students participated in group discussions, team-building activities, and leadership games. The activities were designed to promote teamwork, communication, problem-solving, and decision-making skills among the students.

The event also included motivational talks by renowned speakers who shared their personal experiences and insights on leadership and personal growth. The students were encouraged to ask questions and participate actively in the sessions to gain maximum benefit from the program.

Overall, RYLA-2017 was a huge success, and it helped to develop leadership skills and promote personal and professional growth among the students. The Rotaract Club plans to organize more such leadership training programs in the future to help students realize their full potential and become effective leaders in their respective fields.

Short Film Event organized by YRC Madurai Division in the year 2017

The Short Film Event was organized in collaboration with the YRC Madurai Division in 2017, with 48 students participating. The event aimed to provide a platform for students to showcase their creativity and talent in filmmaking. The participants were required to create a short film on a given theme within a specified time frame. The themes focused on social issues and were designed to encourage students to think critically and creatively about important topics. The event was a huge success and received an overwhelming response from the participants. The films were screened and judged by a panel of experts, and the winners were awarded prizes and certificates. The event not only provided a platform for students to showcase their talent but also helped to raise awareness about important social issues.
