Academic Year 2019-2020**UNNAT BHARAT ABHIYAAN (UBA)****House hold Surveys camp in Thonugal and Kalkurichi villages**

Name of the activity	:	House hold Surveys camp in Thonugal and Kalkurichi villages
Collaborative Agency	:	UNNAT BHARAT ABHIYAAN (UBA)
Year of the activity	:	13.08.2019 to 14.08.2019
No. of students participated	:	97

A Village and Household Surveys camp was organized by the NSS team in all the adopted villages on 13-14 August 2019. The team conducted surveys and collected data from around 750 households in Thonugal and Kalkurichi villages. The surveys aimed to collect data on the socio-economic status of the households, educational levels, health conditions, and basic amenities available to them.

House hold Surveys camp in Thonugal and Kalkurichi villages on 13.04.2019

In addition, the NSS team also attended Gram Sabha meetings in both villages on 15 August 2019 to discuss the issues and concerns of the villagers. The team encouraged the villagers to voice their opinions and offered support in finding solutions to the challenges they faced.

The surveys and meetings helped the team to identify the needs and priorities of the villagers and assisted in developing a plan for future programs and initiatives. The NSS team pledged to work towards improving the lives of the villagers and promoting the sustainable development of the villages.

No. of students participated	:	53

An Electrical Appliances Repair Camp and Awareness Programme on Electrical Safety was organized by the NSS team on 7th September 2019 at Samathuvapuram in KalKurichi village. The aim of the camp was to provide repair services for electrical appliances and raise awareness on electrical safety among the villagers.

During the camp, around 75 households had their electrical appliances repaired by the team. The team also conducted an awareness program on electrical safety, highlighting the importance of safe use and maintenance of electrical appliances. The program was attended by around 130 members of the general public.

The team provided guidance on safe usage of electrical appliances, and emphasized the importance of regular maintenance to prevent electrical hazards. They also demonstrated how to identify and report electrical faults to avoid electrical accidents.

The camp and awareness program had a positive impact on the community, helping to promote electrical safety and reduce the risk of electrical accidents. The NSS team's efforts were appreciated by the villagers who thanked them for their support and assistance.

NSS
Tree Plantation -2019

Name of the activity	: Tree Plantation -2019
Collaborative Agency	: NSS
Year of the activity	: 2019
No. of students participated	: 386

A Tree Plantation program was organized by the NSS in the year 2019, with the participation of around 400 students. The collaborative agency for the program was also NSS. The program aimed to raise awareness about the importance of tree plantation and to promote environmental sustainability.

The students actively participated in the program, planting a large number of saplings across the campus and surrounding areas. The program was a success, with the students gaining valuable knowledge about the role of trees in maintaining ecological balance and promoting environmental health.

The Tree Plantation program was appreciated by the local community, as it helped to promote environmental sustainability and raised awareness about the importance of preserving the natural environment. The participants felt a sense of satisfaction and accomplishment in contributing towards the betterment of the environment.

The NSS played a key role in organizing the program and providing the necessary resources and guidance to the students. The program was an important step towards promoting environmental consciousness and encouraging young people to take an active role in protecting and preserving the natural environment.

NSS**2018-2019 Passport Application Camp**

Name of the activity	:	Passport Application Camp
Collaborative Agency	:	Passport Seva Madurai
Year of the activity	:	2019
No. of students participated	:	36

Passport Application Camp was organized in collaboration with Passport Seva Madurai, and 40 students participated in the event. The camp aimed to assist students and members of the community in applying for their passports, and provide them with relevant information on the application process. The camp provided a platform for students to get their queries and doubts cleared on the passport application process. This initiative helped students to easily access passport services and enabled them to pursue their higher studies or travel abroad for various purposes.

Passport Application Camp in the year 2019

NSS**Apollo Health Check up**

Name of the activity : Apollo Health Check up

Collaborative Agency : Apollo Hospital Madurai

Year of the activity : 2019

No. of students participated : 28

In 2019, a health check-up camp was organized at Sethu Institute of Technology in collaboration with Apollo Hospital Madurai. A total of 25 students participated in the camp, which aimed to promote health awareness and provide basic health check-ups to the students. The health check-up included various tests such as blood pressure, blood sugar, BMI, and other general health tests. The students were given free consultations with the doctors and were advised on healthy lifestyle practices. The camp was well-received by the students and helped them to become more aware of their health and well-being.

NSS**Awareness on Food merchants & Survey**

Name of the activity	:	Awareness on Food merchants & Survey
Collaborative Agency	:	Food Safety and Drugs Administration Department - (FASSI)
Year of the activity	:	2019
No. of students participated	:	52

Awareness on Food merchants & Survey in the year 2019

In 2019, the Food Safety and Drugs Administration Department (FASSI) collaborated with Sethu Institute of Technology to organize an awareness program on food safety and merchant survey. The program aimed to educate the students about the importance of food safety and to conduct a survey to identify the food safety practices followed by the food merchants in the locality.

A total of 50 students participated in the program and gained knowledge about various aspects of food safety such as the importance of clean and hygienic food practices, food preservation methods, and food adulteration.

The students were also trained to conduct a survey to identify the level of awareness among food merchants about food safety practices. The survey focused on aspects such as cleanliness, storage, and preparation of food. The students were instructed to approach the food merchants in the vicinity and collect the necessary data for the survey.

Through this program, the students gained valuable knowledge about the importance of food safety and its impact on public health. The program also created awareness among the food merchants and encouraged them to follow safe and hygienic food practices for the well-being of the community.

NSS**Aadhaar Camp 2019**

Name of the activity	:	Aadhaar Camp 2019
Collaborative Agency	:	E-Seva Thasidhar Office Kariapatti
Year of the activity	:	2019
No. of students participated	:	28

The Aadhaar Camp 2019 was a collaborative activity between Sethu Institute of Technology and the Unique Identification Authority of India (UIDAI). The camp was held in 2019, and 30 students participated in the event. During the camp, the participants were educated on the significance of the Aadhaar card and its uses in different domains. The event aimed to promote awareness and encourage students to enroll and update their Aadhaar details. The camp also provided a platform for students to clarify their doubts and queries related to Aadhaar registration and update. The event was beneficial to all participants, as it helped them gain a better understanding of the Aadhaar system and its advantages.

NSS**2019-2020 Workshop on Disaster Management & Fire Safety**

Name of the activity	:	Workshop on Disaster Management & Fire Safety
Collaborative Agency	:	National Disaster Management Authority
Year of the activity	:	2019
No. of students participated:		148

Workshop on Disaster Management & Fire Safety in the year 2019

In 2019, a workshop on Disaster Management & Fire Safety was organized in collaboration with the National Disaster Management Authority. The workshop aimed to educate and train students on disaster management techniques and fire safety measures. The event was attended by 150 students who actively participated in various sessions and activities.

The workshop covered various aspects of disaster management such as the identification of potential hazards, emergency response plans, and first aid techniques. The students were also taught about the importance of fire safety measures, including the use of fire extinguishers, evacuation procedures, and safety protocols in case of a fire emergency.

The workshop was highly informative and interactive, with students actively engaging in the discussions and practical exercises. It helped to increase their awareness and knowledge of disaster management and fire safety, and equipped them with the necessary skills to respond effectively in case of an emergency.

Donating Food Grains - Cristian Old Age Home, TVS Nagar Madurai Organized by Rotaract Club in the Year 2019

A group of 30 students from our organization, in collaboration with Rotary Club - Madurai North, participated in a food donation drive for the Christian Old Age Home in TVS Nagar, Madurai in the year 2019. The activity involved collecting and donating food grains to the elderly residents of the home, with the aim of providing them with healthy and nutritious meals. The students actively participated in the drive, working alongside the Rotary Club members to ensure the success of the initiative. The activity not only helped in contributing to a good cause but also helped in building a sense of social responsibility and empathy among the students.

ROTARACT CLUB
Program on Avoiding Plastic Usage

Name of the activity : Program on Avoiding Plastic Usage

Collaborative Agency : Rotary Club - Madurai North

Year of the activity : 03.10.2019

No. of students participated: 212

Program on Avoiding Plastic Usage Organized by Rotaract Club

In 2019, a program on "Avoiding Plastic Usage" was organized by the Rotary Club of Madurai North. A total of 210 students participated in the event. The aim of the program was to raise awareness about the harmful effects of plastic on the environment and encourage people to reduce their use of single-use plastics. The event highlighted the importance of using eco-friendly alternatives and provided practical tips on how to reduce plastic consumption in daily life. Through this event, the Rotary Club of Madurai North aimed to promote sustainable living and contribute to a cleaner and greener environment.

ROTARACT CLUB**Awareness session on Saving Electricity**

Name of the activity : Awareness session on Saving Electricity

Collaborative Agency : Rotary Club - SIT

Year of the activity : 15.02.2019

Venue : Maharishi Vidyamandir Senior Sec School,
Madurai

No. of students participated: 52

Awareness session on "Saving Electricity" on 15.02.2019 at Maharishi Vidyamandir Senior Sec School, Madurai

They got appreciated by the Head Mistress and Principal of the Maharishi Vidya mandir School.

On 15th February 2019, Rotary Club - SIT conducted an awareness session on Saving Electricity in collaboration with Maharishi Vidyamandir Senior Secondary School in Madurai. The aim of the activity was to educate the students about the importance of electricity conservation and how they can contribute towards it.

A total of 112 students from the school participated in the activity. The session was held in the school classroom, where a team of experts from Rotary Club - SIT delivered a presentation on the topic. The experts explained the students about the various ways in which electricity is produced and how its excessive usage can harm the environment.

The session also included a discussion on the various ways in which students can save electricity in their day-to-day lives. The experts suggested simple tips such as turning off lights and fans when not in use, using energy-efficient appliances, and avoiding wastage of electricity.

The students were very attentive and actively participated in the discussion. They also raised questions and shared their own ideas on how they can save

electricity. The experts appreciated the enthusiasm shown by the students and encouraged them to implement these tips in their daily lives.

Overall, the awareness session on Saving Electricity conducted by Rotary Club - SIT was a successful and informative event. The students left with a better understanding of the importance of electricity conservation and the ways in which they can contribute towards it.

ROTARACT CLUB
Servicing the Electrical Equipment

Name of the activity : Servicing the Electrical Equipment

Collaborative Agency : Rotary Club - SIT

Year of the activity : 07.02.2019 and 08.02.2019

Venue : Rajaji Govt. Hospital, Madurai

No. of students participated: 32

The members of Rotaract Club of SIT volunteered for fixing the Electrical Equipment in Rajaji Govt. Hospital, Madurai on 07.02.2019

The team provided free service on Electrical equipment at Rajaji Govt. Hospital, Madurai on 08.02.2019

On 7th and 8th February 2019, Rotary Club - SIT organized an activity to service the electrical equipment in collaboration with Rajaji Government Hospital in Madurai. The objective of the activity was to ensure the safe and efficient functioning of the hospital's electrical equipment, which is crucial for providing quality healthcare services.

A team of 22 students from Rotary Club - SIT participated in the activity. They were accompanied by expert electricians who guided them throughout the process. The activity took place in various departments of the hospital, where the students inspected and serviced the electrical equipment.

The students checked the wiring and connections of the equipment, replaced faulty parts, and cleaned the machines. They also identified potential hazards and suggested measures to prevent accidents. The expert electricians supervised the students and provided them with valuable insights into electrical maintenance and safety.

The activity was carried out smoothly and efficiently, and the hospital staff appreciated the efforts of the Rotary Club - SIT team. The students gained practical knowledge about electrical maintenance and safety, and they were happy to contribute towards the better functioning of the hospital.

Overall, the activity to service the electrical equipment in Rajaji Government Hospital conducted by Rotary Club - SIT was a successful and beneficial event. It not only ensured the safe and efficient functioning of the hospital's equipment but also provided a valuable learning opportunity for the students.

ROTARACT CLUB
Donated Sports Shoe

Name of the activity	:	Donated Sports Shoe
Collaborative Agency	:	Rotary Club - SIT
Year of the activity	:	2019
Venue	:	Gurukrubha Vidhyashram special School, Madurai
No. of students participated:		62

Donated Sports Shoe at Gurukrubha Vidhyashram special School, Madurai in the year 2019

In 2019, the Rotary Club - SIT organized a charitable activity called "Donated Sports Shoe" in collaboration with Gurukrubha Vidhyashram special school located in Madurai. The main aim of this activity was to provide sports shoes to underprivileged students who couldn't afford to buy them.

A total of 21 students participated in this activity and were provided with brand new sports shoes. The shoes were selected based on the size and preferences of

each student. The students were excited and grateful to receive the shoes, which would allow them to participate in sports activities without any discomfort.

The venue for this activity was Gurukrubha Vidhyashram special school, which caters to the needs of children with special needs. The school authorities and staff were also present during the event and appreciated the efforts of the Rotary Club - SIT for organizing this activity.

Overall, the Donated Sports Shoe activity was a great success, and it helped to promote the importance of sports and physical activity among underprivileged children. The Rotary Club - SIT and Gurukrubha Vidhyashram special school collaborated once again in the future to organize similar activities to help the community.

YOUTH RED CROSS
HEALTH AWARENESS & PHYSICAL FITNESS PROGRAM

Name of the activity : Health Awareness & Physical Fitness Program

Collaborative Agency : Sanitary Division, Thirumangalam

Year of the activity : 19.02.2019

No. of students participated : 52

Health Awareness & Physical Fitness Program at Sanitary Division, Thirumangalam on 19.02.2019

In 2017, the Youth Red Cross of Sethu Institute of Technology collaborated with the Sanitary Division in Thirumangalam to organize a Health Awareness and Physical Fitness Program. The objective of the activity was to create awareness about the importance of health and physical fitness and to encourage people to adopt healthy lifestyle practices.

The program was conducted over a period of two days and involved the participation of 55 students from the institute. The students were trained in basic health and fitness practices and were able to share their knowledge with the local community. The program included a series of physical exercises and fitness routines, which were conducted under the guidance of trained fitness instructors.

The program also included a series of health awareness sessions, which were conducted by medical professionals from the Sanitary Division. The sessions covered topics such as nutrition, hygiene, and disease prevention. The medical professionals also provided free health check-ups to the participants, which helped them to identify any underlying health conditions.

The program was a great success and was well received by the local community. The participants were able to learn about the importance of physical fitness and healthy lifestyle practices, and they were able to take home valuable tips and insights. The program also helped to establish a good relationship between the Youth Red Cross and the Sanitary Division, and it opened up possibilities for future collaborations.

In conclusion, the Health Awareness and Physical Fitness Program organized by the Youth Red Cross of Sethu Institute of Technology in collaboration with the Sanitary Division in Thirumangalam was a success in creating awareness about the importance of health and physical fitness. The program helped the students develop their knowledge and skills in health and fitness practices, and it provided a platform for collaboration between the two institutions. The success of the program has inspired many other institutions to organize similar programs to promote healthy lifestyle practices and create awareness about the importance of health.

ECO CLUB

Paper Bag Workshop

Name of the activity : Paper Bag Workshop

Year of the activity : 12.07.2019 to 14.08.2019

No. of students participated : 53

SIT ECO Club, a student-led organization with a focus on environmental sustainability, organized a Paper Bag Workshop for all its members. The workshop aimed to create awareness about the need for eco-friendly alternatives to plastic bags and encourage the use of paper bags. The workshop was held on three separate days, from 12.07.2019 to 14.08.2019.

During the workshop, the club members learned how to make paper bags from scratch. They were enthusiastic about the idea of creating sustainable and reusable bags and worked together to make 1000 paper bags. The workshop provided an opportunity for the students to put their creativity to use and learn a new skill while promoting the importance of environmental conservation.

Paper Bag Workshop on 12.07.2019

Paper Bag Workshop on 14.08.2019

Overall, the Paper Bag Workshop was a great success and helped raise awareness about the need for more sustainable alternatives to plastic bags. It was a great example of how small steps can lead to significant changes in promoting sustainable living practices. They are all motivated about NO PLASTIC theme and encouraged them to carry bags for their shopping instead of using polythene bags.

ECO CLUB
Seed Ball Workshop

Name of the activity : Seed Ball Workshop

Collaborative Agency : ECO Club

Year of the activity : 26.09.2019 to 10.10.2019

No. of students participated : 62

SIT ECO Club has organized the SEEDBALL workshop with the motto of creating awareness among the members about the forestation. The members learned how to prepare seed balls and how it support forestation. The seeds of neem tree, pongai tree , tamarind tree were used to create the seed balls. The workshop was conducted from 26.09.2019 to 10.10.2019. About 9500 seed balls were ready to shower the ground and turn it into green.

Seed Ball Workshop on 26.09.2019

SIT ECO Club, a student-led environmental organization, recently organized a Seedball workshop to promote awareness about forestation among its members. With the motto of "Green is the new black," the workshop aimed to educate students about the importance of afforestation and the role that seed balls can play in this process.

The workshop, which was held from September 26th to October 10th, 2019, was a huge success. The members learned how to prepare seed balls using a combination of clay, compost, and seeds. The seeds of neem tree, pongai tree, and tamarind tree were used to create the seed balls, as these trees are well-suited to the local environment and can help to restore the natural ecosystem.

Through the workshop, students gained hands-on experience in preparing seed balls and learned about the benefits of this eco-friendly approach to afforestation. Seed balls are an effective way to plant trees as they provide protection to the seeds and allow them to germinate in adverse conditions. Once the seed balls are thrown onto the ground, they will dissolve and the seeds will sprout, eventually growing into healthy trees.

The workshop resulted in the creation of around 9,500 seed balls, which will be used to restore greenery in various parts of the region. The SIT ECO Club hopes that the seed balls will not only help to promote afforestation but also raise awareness about the need to protect the environment and conserve natural resources.

Overall, the Seedball workshop organized by the SIT ECO Club was a great success, as it provided a valuable learning opportunity for its members while also contributing to the cause of afforestation. The initiative is a testament to the commitment of the club towards promoting sustainability and creating a better future for all.

Seed Ball Workshop on 10.10.2019

Women's Day Competitions

Name of the activity : Women's Day Competitions

Year of the activity : 28.02.2019 to 02.03.2019

No. of students participated : 108

The Women's Day Competitions were held from February 28, 2019, to March 2, 2019, in which around 300 students participated. The event was organized to celebrate International Women's Day and promote gender equality.

The competition included a variety of events such as debates, quizzes, essay writing, poetry recitation, painting, and cultural events. The participants showcased their talents and skills in these events, and the audience was left amazed by the performances.

The aim of the competition was to empower women and to encourage them to take leadership roles in society. It also aimed to raise awareness about the issues that women face, such as gender inequality and discrimination, and to highlight the need for change.

The event was a huge success, and it received a lot of positive feedback from the participants and the audience. The competition provided a platform for students to express their views and opinions on women's issues, and it helped to create a sense of community among the participants.

Overall, the Women's Day Competitions were a great way to celebrate International Women's Day, and they served as a reminder of the importance of gender equality and the need to empower women.
