Pulloor, Kariapatti-626115.

To

Mr. S. Deivasigamani,
Senior Lecturer,
Faculty of Electrical and Computer Engineering,
AIMST University, Malaysia.

Respected Sir,

Sub: Invitation to deliver guest lecture-reg.,

We request you to deliver a guest lecture on the topic "Global Immersion Program and Outcome Based Education" for our students and faculty on 24.01.2020 (Friday) at 10.30 AM. Kindly accept our invitation and make your presence.

Thanking you,

Yours Truly

2/1/2020

Prof. Dr. A. Srinivasan
(HoD/EEE)

From

Date: 08.01.2020

Mr. S. Deivasigamani,
Senior Lecturer,

UG Students : Rs.300/-
PG Students : Rs.350/-

How to apply

Registration can be made by sending duly filled in registration form through e-mail anandhiv@sethu.ac.in

About the College

Sethu Institute of Technology was established in the year 1995 at Kariapatti, Virudhunagar Dist, with the motto of "Knowledge, Service and Progress". The Founder and Chairman, Mr.S.Mohamed Jaleel, renders his noble service since 1995 to the sustained growth of the educationally, industrially, economically backward rural area. The college has grown into a multidisciplinary institution offering 9 UG and 5 PG courses. Our college is an Autonomous Institution and accredited by National Board of Accreditation for 5 UG Programmes. Affiliated to Anna University and approved by AICTE, the college offers quality education and technical competencies on the strong foundation of values, ideals and rich culture to the students across the country. The college is equipped with world class infrastructure and highly qualified and experienced faculty members.

About the Department

The Civil Engineering Department was established in the year 2007 offering B.E. Civil Engineering and M.E. Structural Engineering Program. The vision of the Department is to become a school of excellence in Civil Engineering education with an emphasis on research for the benefit of the industry and society. The Department of Civil Engineering has well equipped laboratories for Academic, Consultancy and R & D activities. From the inception of the Department students have secured 20 University ranks. The Department is approved as a research centre by Anna University, Chennai. The Department has well qualified faculty with varied experience in areas of structural Engineering, Environmental Engineering, Transportation and Remote Sensing & GIS etc.,

About the Seminar

A structure is a network of beams and columns joined up to form the skeleton of the building. Strength, durability and stability are the main criteria for material selection and design in the construction industry. Consequently, development and enhancement of construction materials is always an active and attractive field for engineers and researchers. Elevated temperature is a potential threat for any structural buildings that can cause a major damage. Response of construction materials exposed to elevated temperature or fire requires a full study and analysis. When a fire exposes concrete to high heat, extensive damage can occur because of the temperature shock to the material. Corrosion is caused by a chemical reaction between the metal and gases in the surrounding environment. By taking measures to control the environment, these unwanted reactions can be minimized. This can be as simple as reducing exposure to rain or seawater, or more complex measures, such as controlling the amounts of sulfur, chlorine, or oxygen in the surrounding environment.

Topics

- Load Calculation on Framed Structures
- Corrosion & its Control Measures
- Behaviour of Structures under Fire

27 May 2019

Dear Sir/Madam,

Greetings from IIT Bombay!

We are glad to announce a **One Day Python workshop for Teachers.** This is being organised by the Teaching Learning Centre (ICT) at IIT Bombay, funded by the *Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNMTT),* an initiative of the Ministry of Human Resource Development, Government of India. I am writing this mail to invite you to attend this workshop at a Remote Centre convenient to you.

Attending this workshop (on Python) and doing well in it is a pre-requisite to enroll in a workshop on AI/Machine learning that we plan to conduct subsequently.

Details of the current programme are given below:

Workshop Name: One Day **Python** workshop for Teachers

Who should attend? Teachers and Research Scholars **Date**:

Saturday, 22 June 2019

Venue: 180+ Remote Centres of ours, a list of which will be available through this link http://tiny.cc/8j476y

How the workshop will be conducted:

It will be a one day workshop, on **22 June 2019**. We will interact live through A-VIEW at the beginning. After that, all of you will learn Python using spoken tutorials, guided by the Course Coordinator in the Remote Centre you attend. We will answer your questions, if any, using a Forum, especially designed for distributed learning. In the evening, we shall connect through A-VIEW again, carry out discussions and end the programme. There will be about 4 to 5 hours available for Python training and two hours for interactions, a detailed schedule of which will be made available later.

You will have to pay **Rs. 100** as a course fee to IIT Bombay at the time of registration, and **Rs. 400** to the Remote Centre directly at the time of the

workshop, using which, they will make available lunch and coffee/tea/snacks. Balance amount, if any, will be used by the Remote Centre to pay for the maintenance of their infrastructure.

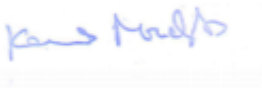
Procedure to participate in the workshop:

To participate in this workshop, please register at (https://www.it.iitb.ac.in/nmeict/) and follow the instructions. The registration portal will open on **28 May 2019** and will close on **20 June, at 12.30 pm**.

Please feel free to bring this information to the attention of your colleagues and friends, anywhere in India, and encourage them to join. Please note that this workshop may be useful to senior teachers of schools as well.

We look forward to your enthusiastic participation in this initiative.

Regards,



Prof. Kannan Moudgalya
PI, TLC (ICT), PMMMNMTT

Attendance Sheet for Date : 2019-06-22

Python Workshop on 22 June 2019 for Teachers and Research scholars

June 22nd, 2019 to June 22nd, 2019

Under the National Mission on Education through ICT, MHRD, New Delhi

1424 - Sethu Institute Of Technology, Kariapatti, Virudhunagar
