Sethu Institute of Technology, the brainchild of our Founder & Chairman, Mr. S. Mohamed Jaleel, has been rendering its noble service since 1995 catering to the sustained growth of the educationally, industrially and economically backward rural areas. The college started with 180 students in the year 1995 with three UG Programmes has recorded a stupendous growth of expanding to the strength of 4800 students with 11 UG Programmes and 5 Post Graduate Programmes.

About department:

The department shares the mission and vision of the institute in imparting quality education to the students. The department has accomplished several laurels in fulfilling its mission to pursue excellence. Highly sophisticated and the latest configuration computers were installed in various laboratories to cater to the students quest for knowledge. All the facilities were provided to the students and faculty members to keep abreast of the latest technologies. It also promotes active industry-institute collaboration by identifying areas of interest and taking part in sponsored research projects. The department offers undergraduate, postgraduate and Ph.d degree programmes.

About STTP:

Satellite remote sensing technology is one of the most modern, sophisticated, cost effective and useful technologies noted for its generic and global coverage capability. Such technologies observe Earth on a daily basis and acquires enormous amount of images. To store and handle such huge images and to obtain meaningful information from such images, sophisticated techniques like Deep learning can be employed. Deep learning techniques are extremely superior for handling the complex computational tasks because it automatically learns features from a huge amount of data instead of tailoring features by hand. Hence the deep learning methods can be effectively utilized in large scale image recognition, object detection and semantic segmentation of remote sensing images.

Objectives of STTP:

Participants will be able to

- Apply the knowledge of deep learning in remote sensing.
- Apply the interactive tools of remote sensing.
- Identify the deep learning algorithms which are more appropriate for various types of learning tasks in remote sensing.
- Implement deep learning algorithms and solve real-world problems in remote sensing.

ABOUT THE INSTITUTION	ABOUT IQAC	PATRONS
Sethu Institute of Technology was established in the year 1995 by Sethu Educational Trust. The college is currently offering 9 Under Graduate Programmes and 5 Post Graduate programmes with a students strength of about 4700. The various programmes of the College have been accredited by NBA since 2006 and currently the UG Programs of MECH and IT are accredited under Tier-I, Washington Accord. The College is accredited by NAAC with 'A' Grade. It has received UGC recognition under section 2(f) and 12(B) of the UGC Act 1956. The College has been conferred Autonomous status in the year 2012 by University Grants Commission (UGC), New Delhi. The College has Research Centre recognition by Anna University for many Departments. The College offers the students a range of learning opportunities and is committed to impart holistic and value based professional education to the students.	The Primary aim of the IQAC is to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the College. The IQAC of Sethu Institute of Technology provides greater clarity and focus in institutional functioning towards quality enhancement and facilitates internalization of the quality culture.	Mr. S. ABOUT NAAC	ABOUT THE SEMINAR	ADVISORY COMMITTEE
The National Assessment and Accreditation Council (NAAC) is an autonomous body established in 1994 by the University Grants Commission (UGC) of India to assess and accredit institutions of higher education in the country. It is an outcome of the recommendations of the National Policy in Education (1986) which laid special emphasis on upholding the quality of higher education in India. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. It conducts assessment and accreditation of Higher Education Institutions (HEI) to derive an understanding of the "Quality status of the Institution".	The National Assessment and Accreditation Council (NAAC) has brought in new spirit into assessment and accreditation with the revised process effective from July 2017 making it more robust, objective, transparent, scalable and technology enabled. This seminar focuses on building awareness about the Revised Accreditation Framework (RAF) of NAAC and its benefits to the Higher Education Institutions.	Dr. A. Senthil Kumar Principal Dr. G.D. Siva Kumar Vice Principal Dr. A.M. Shanawaz Dean - Teaching Learning Process
EXPECTED OUTCOMES	DISCUSSION THEMES	ORGANIZING COMMITTEE
After Completion of the seminar the participants will be able to: <ul style="list-style-type: none"> Identify some best practices that will help in enhancing quality standards of HEI's. Demonstrate understanding of the quantitative and qualitative metrics of RAF and their significance. Prepare effectively for the assessment and accreditation process. 	• Quality metrics in Higher Education. • Revised Accreditation framework and process flow. • Quantitative and Qualitative aspects of RAF of NAAC • Best Practices in Teaching and Learning	Convenor Dr. A. It is an obvious fact that Faculty Development Programmes are periodically organized by the Department of Mechanical Engineering of Sethu Institute of Technology on various topics, so as to analyze, consolidate and facilitate a focus for further development. These purposes are accomplished by inviting eminent academicians, researchers and industrialists to share their rich experience through lectures and discussions with similar objectives and methodology. The Department has planned to organize a AICTE sponsored two week FDP on "Computational" Fluid Dynamics in Engineering and Design between 4th Dec, 2017 and 17th Dec, 2017.

This FDP is for the contemporary development and emerging issues in the area of Computational Fluid Dynamics. The enclosed brochure will give more details. I am sure you would appreciate the importance and relevance of the chosen topics for the Faculty Development Programme.

I request you to kindly give due publicity to the FDP brochure and depute participants from the Department of Mechanical/ Chemical/ Production Engineering from your institution for mutual benefit through useful interaction.

Thanking you

With regards,

<p>Dear Sir/Madam</p> <p>With great pleasure we inform you that we are organizing two week Faculty Development Programme on "Mathematical Sciences Research Challenges in Engineering Applications" on November 20 to December 2 - 2017. We cordially invite the faculty members of your esteemed institution and industries to participate in this Programme.</p> <p>ABOUT THE COLLEGE</p> <p>Sethu Institute of Technology was established in the year 1995 with the noble vision to promote engineering education for the benefit of the society. SIT is a leading institution, is affiliated to Anna University, Chennai and has been conferred with Autonomous status in the year 2012 by University Grants Commission, New Delhi. The College received national recognition under section 2(f) and 12(b) of the UGC Act 1956. Mech, CSE, ECE, EEE & M.E. CAD/CAM departments have obtained permanent affiliation status from Anna University, Chennai and six programmes have been accredited by National Board of Accreditation. Approved by All India Council for Technical Education, New Delhi: MECH, CSE, ECE Accredited by NBA, New Delhi, under Washington Accord (Tier-1), EEE and IT Re-accredited by NBA (Tier-2) Recognized by UGC under section 2(f) and 12(b) of UGC Act, 1956. Our institute have Approved Research Centres for MECH, EEE, ECE, CSE, CIVIL, PHYSICS by Anna University.</p> <p>ABOUT THE CITY</p> <p>Kariapatti is located 30 kms from Madurai. Madurai city is very famous for Meenakshi Amman Temple, Thirumalai Nayakar Mahal, Alagar Kottai, Gandhi Museum, Madurai Kamaraj University etc.</p> <p>ABOUT THE PROGRAMME</p> <p>Education is considered as the backbone of any society and is accepted as fundamental right of every individual. The quality of education at all levels depends upon the abilities and skills of the teachers along with the supportive facilities of the infrastructure.</p> <p>PROGRAMME OBJECTIVE</p> <ul style="list-style-type: none"> To refresh Faculty members of Engineering and Arts colleges about Application of Mathematics in Engineering Sciences. To acquaint the faculty members with Mathematical and Computational techniques used in wide variety of situations. To introduce the effective mathematical tools for the solutions of all Engineering Problems. 	<p>INVITED SPEAKERS</p> <ol style="list-style-type: none"> Dr. Vijayamohan K Pillai (Professor, CECRI, Karaikudi) Dr. S.
