STUDENT WELFARE COMMITTEE MEETING MINUTES

S.No.	Suggestion	Corrective Action
1.	As many students face connectivity problem in the Online classes, the classes may be recorded and made available online.	Faculty members are asked to record the Lecture Class in Microsoft Teams platform for further reference.
2.	It is very difficult to understand the problem oriented subjects if the derivations are not derived and problems are not solved step by step in the class. So some method could be followed to solve the problems step by step by the faculty during the online class.	For Problem Oriented papers: Faculty members are asked to adopt suitable teaching method for problematic paper. Preferably: The faculty members may write derivations or problems in paper step by step. • The paper may be directly video-graphed and streamed through Microsoft Teams • The papers may be photographed and pasted in PPT and it can be presented. • Derivations or problems may be converted into pdf and shown step by step.
3.	All the materials including the Presentations may be made available in some online platform	All faculty members are instructed to upload the presentation and Lecture materials through any of the following methods a) Google Drive link b) Google Classroom c) Microsoft Teams files d) WhatsApp e) Email etc.

4.	Class link can be shared for all the classes	All faculty members are instructed to send Microsoft Teams link to the students through social media platform, at least 15 minutes before the commencement of the class
5.	The rights given for students to remove other students must be disabled	All faculty members are asked to make themselves as the only presenter (Only me) in the Manage Permission Options
6.	Test may be conducted as Multiple Choice questions through Microsoft Forms	It will be discussed with HoDs and finalized
7.	In Tests each student may be given different question paper to avoid copying and discussion	HoDs are asked to implement this suggestion wherever it is possible
8.	Problem oriented papers may be conducted in the first hour	HoDs and Time table Coordinator are informed to have Time table accordingly, as far as possible.
9.	Classes may be completed within the scheduled time.	Faculty Members are instructed to complete the class within the scheduled time.
10.	Training Classes may be conducted for Aptitude and competitive Exams	Training and Placement Cell is informed to conduct such classes for the Final Year students
