Annual report of the celebrations and commemorative events

Independence Day is celebrated every year in August 15th it is the time to recall the famous “VandeMatram”, the Chant that gave us the freedom and also what Romain Rolland quoted, “If there is one place on the face of earth where all the dreams of living men have found a home from the very earliest days when man began the dream of existence, it is India” The aim of the activities was to keep students connected and celebrate the occasion with the patriotic fervour. The little patriots presented their self-composed poems, dance on patriotic songs, tricolour food, badges and the faculties were successful in instilling a sense of pride and patriotism in their hearts.

Independence Day was celebrated with due respect at Sethu Institute of Technology. The principal of the College chaired the program was present as the chief guest. The students of different classes marched passed according to the rolling of the drum, which was enough to give Goosebumps. The campus was filled by the aura of the patriotism all around as the patriotic songs were played in the background. The day’s program started with the hoisting of the national flag. Immediately after this, the march past of the students was held and the chief guest took the salute. Then with due solemnity, the national anthem was sung. A discussion meeting was held at the college premises which were nicely fenced with seating arrangements. In the inaugural speech, the Principal paid tribute to the martyrs who sacrificed their lives for the cause of freedom. He focused on the contribution and sacrifice of the freedom fighters. The participants were wearing different colourful dresses which were looking like flowers in the garden. The programs had varying events including dancing, singing, poetry recitation, and the declamation contest which were themed on patriotism. The Celebration of the day ends with performances by students about our independence. The day brings the re-experiences of the spirit of patriotism and respects the glorious past of our country. Students and faculties share this moment of remembrance and happiness during Independence Day. Indeed, it was a day of elation, a day of love and respect for the nation, instilling in the students the value and reverence for the precious gift of Freedom, by the great leaders of the country.

Republic day is celebrated every year on 26th January to commemorate the date and moment, when the constitution of INDIA came into effect. With the same cause it is celebrated as the national festival in our Institute. The flag hosting ceremony was followed by the national anthem in the premises by the patriotic and enthusiastic SIT family members and audience. The energetic and enthusiastic students of our institute paid their tribute to the martyrs by a grand parade and salute. This patriotic aura has been sustained by the inspirational and motivational welcome speech given by our Principal. The entire college campus turned reverberated with the rhythmic vocal performances presented by the students. Our Principal urged to the students to give their best in their work field for the nations growth and development. He motivated the students and the audience to register them as the stem cells DONORS. The republic day celebration was concluded with heartfelt vote of thanks given by our NSS officer. The whole programme of Republic day was nice. The programme ended with the distribution of sweets...

World Environment Day is the opportunity for everyone to realize the responsibility to care for the Earth and to become agents of change. World Environment Day is celebrated each year on 5th June. It is celebrated in many ways like street rallies, parades; street plays which helps create awareness about world environment. In many cities contests like poster contests, essay contests, poetry contests, slogan contests and debates are held to celebrate this event further. The main objective always is to get the people involved with the environment. Some cities have art exhibitions with art made from recycled materials. Some get celebrities to endorse these campaigns. Banners are put all across the street promoting the message of World Environment Day. The day was observed in our Institute every year. In order to aware the students about the importance of the day, various types of programmes were arranged. The Chairman presided over the function. CEO, JCEO, Directors and the principal where invited to participate in this programme. The function was inaugurated by planting some saplings in the college premises by the president. Then the students planted saplings around the school. Some other students fenced the newly planted saplings. After the completion of this plantation drive, the guests, one by one, delivered their speeches about the necessity of pollution-free atmosphere. They encourage the young students to plant more trees true combat the bad effect of global warming. Last of all, the chairman delivered his speech and declared the end of the function. The entire function was a great success.

International Women's Day is a global day celebrating the social, economic, cultural and political achievements of women. The day also marks a call to action for accelerating gender parity. Significant activity is witnessed worldwide as groups come together to celebrate women's achievements or rally for women's equality. Marked annually on March 8th, International Women's Day (IWD) is one of the most important days of the year to: The purpose of celebrating Women's Day is – To raise awareness about the status and dignity of women among the students. It's the day for praising women who work hard every day to accomplish individual and professional goals. To observe this day different events take place on this Day, theme has been given by the Women Empowerment cell Coordinator all the events are conducted based on the theme give. Everyone appreciates the women in their lives and acknowledges the worth and significance of women in their lives, and their tremendous contribution to society as well. A welcome speech was addressed by Women empowerment cell coordinator and the key note address was delivered by the chief guest to inspire and encourage all the women to keep excelling. Consistently and to keep moving in life all the time. A special program was organized in the society's compound by the children and youth of the residence. The club house stage was beautifully adorned with lights and lamps to give a warm welcome to all the guests. Sweets and beverages were served among the audience for their refreshment. The program grew more exhilarating to perform a small skit signifying the role of Women in everyday life which received thunders of applause from the audience.

National science day was celebrated on every February 28th at our college. The objectives of this programme was the entire event provided platform to the students to prove their talents, bring out their creativity ,face challenges and overcome their weakness. Our principal Dr. A.Senthil Kumar has emphasized our role in widely spreading the significance of scientific applications in our daily life. Our staff members shared their knowledge to the students. Student's participated with enthusiasm in debate, oral presentation and science fair. The science day was successful and we believed that our objective was achieved.

Teacher's day a memorable occasion for the nation and student community, in particular, is celebrated every year on 5th September, the birthday of Dr. S. Radhakrishnan, our second president. In our college it is a regular feature and this year also it was celebrated. Under the guidance of the teachers, our student volunteers had decorated the college grounds

and erected a stage by the previous evening only. On the day of the function, we had invited a few eminent educationists to grace the occasion and our college. Our Principal had kindly consented to preside over. The programmes started on schedule by 5.00 P.M. after the invocation and prayer we had extempore speech contests. Our fine art club secretary welcomed and garlanded the guests. A high tea was arranged for the guests. There were speeches by some of our esteemed dignitaries on the role of teachers in molding the society and the ways to improve the present educational system. The winners of the speech contests were given citations and some books by our chief guest. The programme ended with sweet distribution after the vote of thanks.

World Suicide Prevention Day is an international awareness day observed on 10th September each year to provide a focus for commitment and action to prevent suicide. This annual awareness day was an opportunity to deepen their understanding about this social fact and to be equipped with necessary inputs in helping to prevent its occurrence. It was not about raising just awareness; it was also about raising hope! The main objective of the programme was; to create awareness among the school children and youth about prevention of suicide. To motivate students to create awareness among family, friends, peer group members and the society on prevention of suicide. The resource persons for the day highlighted the importance of life and what the students can do to identify suicide tendencies and deal with it along with the myths and facts around suicide.

International Day for Disaster Reduction, held every 13th October, celebrates how people and communities around the world are reducing their exposure to disasters. International Day for Disaster Reduction encourages every individual, community and government to take part in building more disaster resilient communities and nations. 13th October is International Day for Disaster Reduction (IDDR), a day dedicated to raising awareness of disasters and highlighting the steps people can take to protect themselves, their property and their livelihoods. Seminars and workshops were organized for the students in association with National Disaster Management Authority, New Delhi to make awareness about the disaster.

Our Institute has celebrated the **Tamil harvest festival Pongal** with great joy and fanfare in the Quadrangle of our College. The Principal, Vice Principal and many Professors of the various Departments joined the celebrations along with our students who had made arrangements to cook a delicious, aromatic and sweet pongal dish in the traditional way. The UG and PG students were assisted by their teachers in the preparation of the treat. It was a time

of great camaraderie and gladness that was shared between the Department students and their teachers. The sweet pongal dish was then distributed to all the Professors and students making it a very memorable event at the start of that New Year.

Engineering does not merely know and being knowledgeable; engineering is not merely analysis; engineering is not merely the possession of the capacity to get elegant solutions to non-existent engineering problems; engineering is practicing the art of the organized forcing of technological change. **Engineer's day** was celebrated on the occasion of 158th birthday of Sir M Visvesvaraya on September 15th. Our Institute was celebrating this day by organizing various events like paper presentation, poster design etc., for the students and guest lectures has been organized by expert person to inculcate among the students.

World Health Day was celebrated on April 6th in our institute wherein students were sensitized to remain healthy by eating nutritious food, fruits and vegetables. They were made aware about the importance of physical exercises like Yoga, Zumba Dancing and Aerobics to remain fit & active. They also recited rhymes, conveying the message of healthy eating habits and the correct way of brushing teeth. A talk on the topic 'Healthy Mind Dwells in a Healthy Body' shed light on the importance of healthy eating habits, adequate rest and hygiene was explained. Students learnt about common health problems, with an emphasis on good eating habits and the importance of sports & exercise in our daily lives. Students also pledged to keep their mind and bodies healthy.

National mathematics day is celebrated every year on 22nd December honouring the birth anniversary of mathematical genius "Srinivasa Ramanujan". The main objective behind celebrating the day is to raise awareness among children about the importance of mathematics for the development of humanity. Mathematics helps us to cultivate the ability to think and deal with problems those arise in the physical environment logically on the basis of facts. Guest Lecture was organized by the department of Mathematics for the first year students how to solve the mathematical problems in an easy manner.
